

Stepping Stones lesson		Common Core cluster heading	Stepping Stones learning target
2.1	Addition: Investigating patterns	Solve problems involving the four operations, and identify and explain patterns in arithmetic.	Identify addition patterns
2.2	Addition: Two-digit numbers (with composing)	Use place-value understanding and properties of operations to perform multi-digit arithmetic.	Use a strategy to add two-digit numbers (with composing)
2.3	Addition: Two- and three-digit numbers (with composing)	Use place-value understanding and properties of operations to perform multi-digit arithmetic.	Use a strategy to add two- and three-digit numbers (with composing)
2.4	Addition: Developing written methods	Use place-value understanding and properties of operations to perform multi-digit arithmetic.	Use a written method to add three-digit numbers (with and without composing)
2.5	Addition: Solving word problems	Solve problems involving the four operations, and identify and explain patterns in arithmetic.	Solve addition word problems
2.6	Time: Reading and writing to the minute	Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.	Identify time to the minute (analog and digital clocks)
2.7	Time: Relating past and to the hour	Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.	Identify times to and past the hour (analog and digital clocks)
2.8	Time: Reading times in different ways	Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.	Use words and numerals to identify time (analog and digital clocks)
2.9	Time: Measuring intervals in minutes	Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.	Solve time word problems

Stepping Stones lesson		Common Core cluster heading	Stepping Stones learning target
2.10	2D shapes: Exploring rectangles	Reason with shapes and their attributes.	Identify rectangles as types of quadrilaterals
2.11	2D shapes: Exploring rhombuses	Reason with shapes and their attributes.	Identify rhombuses as types of quadrilaterals
2.12	2D shapes: Exploring relationships between shapes	Reason with shapes and their attributes.	Identify the relationships between rectangles and rhombuses
