

## Do the Ds

### Materials:

Each group of students will need

- *Do the Ds* game board
- 2 blank cubes, marked as follows:
  - Write "double double" or "DD" on three faces, write "double double double" or "DDD" on the remaining three faces on one cube
  - Write 3, 4, 5, 6, 7, 8 on the other cube.

Each player will need

- 4 transparent counters (a different color for each player)

### Directions (2-4 players):

- The first player rolls the two cubes.
- The player follows the instruction, doubling the number, two or three times. Example: *Lily* rolls "4" and "DDD". She thinks double 4 is 8, double 8 is 16, double 16 is 32. 4 multiplied by 8 is 32.
- The player claims the answer on the game board by covering it with a counter. If an answer is unavailable, the player misses a turn.
- Each of the other players has a turn.
- The first player to place all four counters on the game board is the winner.
