

Performance tasks

Performance tasks are used to measure depth of understanding.

Roll over the task [tasks] pictured below to reveal the related learning target from this module. Select the file from the resources tab to print each Performance task or to print or view the rubric for scoring the task.

PERFORMANCE TASK

I

Use the standard addition algorithm to calculate each total.

a. $0.4 + 0.5 =$ <input type="text"/>	b. $3.2 + 0.4 =$ <input type="text"/>
c. $2.35 + 3.12 =$ <input type="text"/>	d. $2.53 + 0.72 =$ <input type="text"/>
e. $0.6 + 0.02 =$ <input type="text"/>	f. $4.05 + 0.3 =$ <input type="text"/>
