

State Funding Opportunities

Hawaii

Hawaii selected ORIGO's Stepping Stones curriculum after a thorough review of 24 programs and is [currently implementing](#) the core curriculum in grades K-5 with success. In fact, Hawai'i public schools saw an overall [increase in mathematics performance](#) according to the state assessment, citing that the state is doing better than many other states in post-pandemic mathematics achievement learning recovery, as one of only four states that saw a 2-point or greater year-over-year gain in math proficiency.

Hawaii DOE Strategic Plan: The Hawaii DOE Strategic Plan indicates Student Success Indicators for subject areas, with 54% students meeting achievement targets on statewide assessment as the 2020 mathematics goal.

How ORIGO aligns with the state strategic plan:

- ORIGO's core curriculum has proven to increase math achievement and produce gains in student learning targets. The supplemental materials are effective Tier 2 and Tier 3 intervention tools in a Multi-Tiered System of Support to target students with learning gaps or identified learning needs in order to boost student achievement scores.

State Funding & Opportunities Hawaii

Striving for Excellence in Developing Computational Thinkers through Enriching Computer Science and Math Education project (DoDEA-funded) is a partnership that will fund initiatives to enhance math achievement at several Hawaii school areas, to develop computer science and math skills.

How **ORIGO** aligns with the project:

- ORIGO's research-proven core and supplemental digital math resources support the goals of the Striving for Excellence in Developing Computational Thinkers through Enriching Computer Science and Math Education project at the [Campbell-Kapolei Complex Area](#) and [Kailua-Kalaheo Complex Areas](#) by enhancing student understanding of mathematical concepts. ORIGO's resources are designed to be integrated into any math program to raise math proficiency rates and provide targeted instructional support in a multi-tiered system of support.
