ORIGO's researched-based core and supplemental math curriculum can be used as an additional resource to support [Future Forward Ohio's](#) priority to [accelerate student learning in mathematics](#).

- ORIGO's core curriculum, Stepping Stones, received ALL GREEN ratings from EdReports.org, an independent nonprofit committed to ensuring all students have access to high-quality instructional material. Additionally, an external independent evaluation of the Stepping Stones Math curriculum found that with sufficient implementation support the core program had a significant positive effect on mathematics proficiency.
- In addition, ORIGO Education's supplementary learning resources are designed to support Tier 2 and Tier 3 intervention to help teachers develop students' mathematical understanding. These products have also demonstrated research-proven effectiveness. A case study of students using the company's math fact practice supplementary product, the Book and Box of Fact Strategies, showed significant gains in math fact speed, accuracy and fluency.

Funds from [Ohio's Early Childhood Education Grant](#) can be used for ORIGO's research-based core and supplementary math curriculum. ORIGO supports at-risk and low-income children by giving all children, regardless of family incomes, the opportunity and support to achieve early childhood math standards. ORIGO provides students with research-based core mathematics content that align with the goals of early childhood mathematics concepts.

ADDITIONAL INFORMATION FOR REFERENCE:

- [Future Forward Ohio](#) – encompasses the state’s strategic priorities for helping students recover from the impact of the COVID-19 pandemic. Priorities include accelerating learning (focusing on literacy and numeracy) by providing more, and more effective, opportunities to learn, through programs like after-school and summer programming, tutoring **and supporting districts in using high-quality instructional materials**.
- [Early Childhood Education Grant](#) – The purpose of the ECE Grant is to provide high-quality early learning services to Ohio’s preschool age children and help to prepare children for success in kindergarten. The state funded ECE Grant is awarded to early care and education programs who provide developmentally appropriate learning environments that address the outcomes and goals essential for healthy development and academic growth. ECE Grant funds are awarded to existing high-quality early care and education programs within high-needs areas of the state.
