[Preschool Development Grant Birth to Five \(PDG B-5\)](#) focuses on attracting and retaining early childhood education professional, empowering families to make the best choice for their children, building regional networks of support, and increasing overall quality of early childhood education programs.

How ORIGO aligns with the WI implementation of PDG B-5 grant:

- ORIGO supports at-risk and low-income children by giving all children, regardless of family incomes, the opportunity and support to achieve early childhood math standards.
- ORIGO provides students with research-based core mathematics content that align with the goals of early childhood mathematics concepts.

[WMEF Jane Howell Professional Development Grant](#) was created to better serve Wisconsin math scholars of color by providing professional development opportunities for their teachers.

HOW ORIGO aligns with the WMEF Grants:

- ORIGO provides a tailored comprehensive professional development program that is based on the latest research on mathematics teaching and learning, as well as implementation science, to provide teachers support in best practice math instruction.
- ORIGO will collaborate with teachers and principals to provide data-driven, sustained professional learning that increases student achievement.

ADDITIONAL INFORMATION FOR REFERENCE:

- [WMEF Dr. Julie Stafford Professional Development Grant](#) is awarded by the Wisconsin Mathematics Education Foundation to encourage and support the efforts of individuals or teams of mathematics educators to take course work or attend conferences or workshops.
